Reviewing this document

- a significant number of complaints are received from customers in relation to their purchase or use of the product that reasonably suggests that the TMD is no longer appropriate
- a material change to the product or the terms and conditions of the product occurs which would cause the TMD to no longer be appropriate
- a material and relevant reduction in key product suitability metrics including:
 - member satisfaction
 - product acceptance
 - financial performance
 - benefits to members
 - product value and affordability
- 75% of eligible customers not benefiting from the bonus interest rate

MOVE Bank will review this TMD within 10 business days in the event of a review trigger occurring.
